

I don't want All Orders auto-fill a sales order

Last Modified on 03/31/2021 3:28 pm EDT

If you want to enter quantities and/or serial #s manually then go into Company Preferences - Shipping and UNCHECK 'Auto-fill open quantity'

When the ship doc appears and the item is serialized, click into the quantity box to show the serial # editor. Click on GetAvailable, multi-select the serial #s to add and then click Ok.
