

How to add a Style name to a Sales Order or Quote?

Last Modified on 03/31/2021 3:28 pm EDT

First open the sales order or quote and enter the customer's name.

Next, open the Style List from the the List menu, select the style to be entered, and right-click your mouse.

Select Add to Open Docs, then choose your attribute selections.

When you press OK, that style will be added to the open document.
