Error 1911 Could not register type library for file AOLib6.dll

Last Modified on 03/31/2021 3:29 pm EDT

Setup program causes Error 1911 Could not register type library for file AOLib6.dll

Resolution:

On File explorer locate the following file:

For 32bit, c:\windows\system32\cmd.exe or for 64 bit, C:\Windows\SysWOW64\cmd.exe

click just select the file then with the right mouse click on RUN AS ADMINISTRATOR..if this is not done as stated the steps below will not work!

After black screen shows up, enter the appropriate command:

If using a 32bit machine enter this command: regsvr32 "C:\Program Files\NumberCruncher\All Orders\AOLib6.dll"

If using a 64bit machine enter this command: regsvr32 "C:\Program Files (x86)\NumberCruncher\All Orders\AOLib6.dll"

You should get message regarding registered successfully.
