The Transaction Log for Database 'DB name here' is FULL due to 'NOTHING'

Last Modified on 03/31/2021 3:30 pm EDT

If you are receiving this error message:

1. Log into SQL
2. Take a backup of the database
3. Detatch the Database
4. Locate the .LDF file
5. Delete the .LDF file
6. Reattach the Database (should automatically create a new .LDF file
7. Log into AllOrders as usual

If you still need assistance please contact NumberCruncher Support at 866-278-6243 X 815
